The Asian Institute of Technology International School (AITIS) has a canteen structure which can hold about 150 students. The structure is presently on an area of 238m2 (17m by 14m). It is an open structure that requires constant renovations especially during the rainy season. This was built in 2003 and it has undergone extensions depending on the growth in student numbers. We are pleased to inform you that AITIS plans to upgrade the canteen with standard facilities that will benefit the current and future students for their convenience while using the canteen. Our improvement plan includes: increase the size of the canteen to accommodate 200 students, install air conditioning, fans, better furniture and fixtures. Names /logo of the company will be displayed on the wall at the entrance of the canteen. This will refurbish the old section and cover the extension of the canteen, roofing the entire structure. The entire building will be re-painted with new flooring and air conditioning. The naming will be for the life span of the building. Donation Pledge for Scholarships, Lab Equipment and Campus Facilities Name of Donor (required) Address (required) City (required) State or Province (required) Zipcode (required) Country (required) Email (required) Telephone (required) Thai Tax ID (In case you do not have Thai Tax ID, please type "000") Yes, I hereby pledge to make a contribution to support AIT! Single naming: Single naming of THB 3.5 Million This will refurbish the old section and cover the extension of the canteen, roofing the entire structure. The entire building will be re-painted with new flooring and air conditioning. The name/company logo will be displayed on the wall at the entrance door and naming will be for the life span of the building.
